### CIVIC ADDRESS REGISTRY

Is a province wide **standardized system** of identifying and locating properties by establishing a **unique access point** location (driveway). This system will assist **dispatch and emergency responders** such as police, fire and ambulance in finding your home or business quickly. It is also an easy method for other parties such as **service and delivery companies** to locate a property.

**Please ensure your property has an adequate civic address posted.**

### COMPOST PICK UP

This is a reminder about the change to compost pickup, it is biweekly now and is only by approved application. To request an application form, please contact the town office. The compost transfer site is well marked at the Public Works yard. Please remember no tree branches at this site.

### COUNCIL MEETINGS

Council meets on the second Wednesday of each month at 7:00 pm. These meetings are open to the public. If you would like to address an issue or be put on the agenda for a council meeting either by letter or in person as a delegation, that request must be made to the Administrator by noon on Friday the week before the council meeting.

### STREET REPAIRS

**PLEASE** be aware of the street and drainage repairs that have started. Pylons and barricades are up for your and our employee’s protection. Be mindful of them.
