

TOWN OF KYLE

March 2020 NEWSLETTER

2020 Budget

Budget meetings and deliberations are currently underway. Items of importance in this budget are Waste/Recycle collection; landfill closure/transfer site; water debenture payments; street repairs; public works equipment; Official Community Plan/Zoning Bylaw update.

Official Community Plan

Associated Engineering is preparing a new Official Community Plan and Zoning bylaws. The current plan we are working under is 32 years old. There will be community consultation meetings and surveys in the new year. Please participate when you can. This is an important template for future planning for our town.

The Town of Kyle Community Survey information sheet was mailed out and the online survey will stay open until March 20,2020. If you do not have access to a computer, we have paper copies at the office that will be scanned and sent in.

EMERGENCY SERVICES

The current ambulance staff consists of 3 Emergency Medical Responders who all have full time jobs. In order to keep our service we need to find more interested volunteers who take the training required to work EMS. Education cost may be funded on successful course completion. Our service is grassroots driven, so if we want it here we must provide the resources to keep it. With only 3 on staff, the services in Eston, Elrose and Beechy have had to come to our assistance on many occasions. This can't continue. We need to encourage interested community members to take this training and help keep our ambulance service viable.

The Council will organize an information meeting for local EMS service when enough interest is generated.

MARCH COMMUNITY EVENTS

Library Fundraiser – Versey Seeds - Get your order in before March 20th... this is a great fundraiser for the Library.
