

TOWN OF KYLE
SEPTEMBER 2021 NEWSLETTER

COUNCIL

The regular September council meeting date has been changed to Wednesday, September 15th at 7:00PM in the Council Chambers.

COMPOST

The pick-up dates for the Compost Program this month will be September 1st & September 15th.

BUSINESS LICENSES

This is a reminder that if you contract a company from out of Town, that company is responsible to obtain a business license from the Town. Please ask before you hire 😊

SCHOOL ZONE

With school starting up again on September 1st, please be mindful of the school zone speed limit.

SCHOOL/PLAYGROUND ZONE: 30KM

KYLE & DISTRICT MUSEUM BOARD

There are open seats on the Kyle & District Museum board. If you would like to join please contact Chairperson Shirley Boyer or let the Town office know!

DEVELOPMENT, MOVING DEMOLITION AND BUILDING PERMITS

The Town of Kyle Zoning Bylaw 11-2020 sets out regulations in regards to buildings such as storage sheds, garages, houses and commercial buildings that are 100 sq ft or larger.

If you are planning on building or moving in any of the above, the first document we require is a development permit, which can be picked up at the Town Office. The development permit application is a request for what you want to do in which area. This is then referred back to the Zoning Bylaw to see if the request is permitted in that zone.

When the development permit is approved by Council, then a building permit is required if you are building a structure or a “moving” permit is required if you are moving a building onto your property. A “Demolition” permit is required if you are removing a structure from your property. Please come to the office for these forms.

Any buildings being moved in or built that are 100 sq ft or larger must be inspected by a building inspector. The application for the building inspector can be picked up in the office as well.
